# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Level 1	Level 1	Level 1

### Oil Train Derailment, Mosier, Oregon

On 06/03/16 at approximately 1345 hours, a multi-car oil train derailed in the Columbia River Gorge near the town of Mosier, Oregon.

- The train originated in Eastport, Idaho, headed for the U.S. Oil & Refinery Co. refinery in Tacoma, Washington with highly volatile Bakken crude oil.
- The train is operated by Union Pacific Railroad (UPRR).
- Ken Armstrong, spokesman for the Oregon Department of Forestry, says the incident involved 11 cars filled with oil. Six to eight of the cars were on fire, according to the Oregon Department of Environmental Quality.
- Jennifer Flynt, a spokeswoman for Oregon's Department of Environmental Quality, said the plan at this point is to allow the oil to burn.
- The cars derailed within about 20 feet from the city's sewage plant, Mosier Mayor Arlene Burns told The Oregonian. It's not clear how much damage the plant sustained, she said. A sewer emergency was posted on the city's website advising residents to not flush toilets or run water down sinks or tubs
- The California State Warning Center (CSWC) has not received any requests for assistance.

### Sinkhole, Northbound/Southbound I-5 Closure, Tracy, San Joaquin County

On 05/31/16, the California State Warning Center (CSWC) was advised of a sinkhole that appeared on Northbound I-5 south of Tracy, San Joaquin County.

- On 06/04/16 at 0514 hours Caltrans reported:
  - The route is reopened to Northbound traffic and is reduced to 1 lane at the Jct. of SR 33.
  - The cause of the sinkhole was a broken irrigation pipe. Repairs to the irrigation pipe have been completed.
  - Estimated Time of Reopening (ETR) for Southbound traffic is 06/05/16 at 1200 hours.
- There are no requests for State assistance.

# **SITUATION SUMMARY**

## **Southern Region Excessive Heat Event 06/03/16 – 06/05/16**

Preparations are underway in response to the forecasted Excessive Heat Event through 06/05/16.

- The Southern Region Duty Officer (SDO) will continue to monitor and provide updates as they become available.

## **Imperial County**

- Imperial County will activate their designated Cooling Centers through 06/05/16.

## **Orange County**

- The Operational Area (OA) will monitor the situation, but does not plan to activate their Excessive Heat Plan.
- County government buildings are available as Cooling Centers. No additional facilities are being opened.

## **San Diego**

- The County will implement the following actions through the weekend:
  - All libraries will be open and serve as Cooling Centers. The libraries will operate on a regular schedule with the exception of Borrego Springs which will have extended hours from 0900 – 1900 hours on 06/04/16.
  - Aging and Independent Services have identified Cooling Centers (local businesses and libraries) that will be open during the weekend. Contacts on this list are currently being verified before the list is finalized. A 24/7 hotline has been established and is available. All information available will be coordinated with County OES and 2-1-1.

## **San Bernardino County**

- Temperatures forecasted for portions of the County meets the Excessive Heat Warning Phase III of the San Bernardino County Operational Area (OA) Excessive Heat SOG. San Bernardino County Operational Area has advised their cities of the Excessive Heat Warning.
- At this time, the OA plans to monitor the situation and gather additional information from the NWS.
- There are no official Cooling Centers designated other than air conditioned locations open to the community ([www.coolingcentersb.org](http://www.coolingcentersb.org)). If necessary, these public locations can be asked to extend their hours of operation to meet the needs of the public.

## **Ventura County**

- Ventura County has identified Cooling Center locations throughout the County that are available to the public, if needed.

## **Inland Region Excessive Heat Event 06/03/16 – 06/05/16**

- Kern, Madera, and Sacramento Counties have opened Cooling Centers in response to the forecasted Excessive Heat Event for weekend.
- San Joaquin and Merced Counties will be assessing conditions throughout the weekend.
- The remaining Operational Areas have no plans to open centers or shelters at this time.
- The Inland Region Duty Officer (IDO) will continue to monitor and provide updates as they become available.

- Anticipated Incident Containment Date: 06/07/16
- The Cal OES FDO will continue to monitor the incident and provide updates.

# CAL OES MISSIONS

## On-Going Cal OES Missions

- 2016-LAW-23009, 1600 Hours, 5/31/2016, Placer County Sheriff's Department (PCSD) is requesting resources to locate the victim of a boating accident on Camp Far West Lake. RCSD is requesting side scan sonar and divers to assist with the search. Amador, Sacramento and El Dorado County Sheriff's Department are responding with requested resources. **Mission On-going.**
- 2016-LAW-22803, 05/24/16, 1200 Hours, Humboldt County Sheriff's Department (HCSD) is request resources to assist in locating the remains of a victim of a cold case homicide. HCSD is requesting (3) HRD search dog teams. This search will take place on Saturday, 06/04/16 at 0900 hrs. California Governor's Office of Emergency Services, Law Enforcement Branch is coordinating the search dog response. **Mission On-going.**

# WEATHER FORECAST

## Weather of Concern

- For interior Northern California high temperatures in triple digits are likely for much of the Central Valley. The hottest days are likely to be today, with temperatures 15-20° warmer than normal.
- For inland areas of Southwest California the peak of the heat is expected today, with widespread highs in the 90s and 100s across interior areas.
- This extended heat event will bring an increased risk of heat related illness as well as elevated fire danger across interior areas.
